

The Paris Store Clearing Sale Will Be The Talk Of Crystal Falls.

January Clearing Sale

AT THE

PARIS STORE

Don't look at this poster and then pass it off. Examine it carefully and look over the prices closely for it will mean a great saving at just the time when you need the goods as well as the money. There is two reasons why we have made the prices during this sale so low. There has been no winter to speak of this year, and the result was that winter goods have not moved as fast as we anticipated. We are overstocked with goods and goods that you will need before the winter is over; for winter will just be setting in, and if you're wise you will get your winter goods at Spring prices by attending this sale. **PROFITS HAVE BEEN THROWN TO THE WIND. WE MUST MOVE OUR STOCK** and you need the goods, and in order to make you buy the goods we have made prices that will surprise you.

50 per cent. off on Ladies Coats!

We couldn't resist the temptation to take the offer; and such an opportunity the people of Crystal Falls will never get again. Are you going to take advantage of this offer.
